

I Miss You

Dream Street

Although you're so many miles from me
I just want you to know I could never forget you
Sitting here in my room alone, got the radio on
And it's playing our song, I keep your picture beside my bed
And as I hold it so close, I keep hearing you saying
"I love you and wherever I am, I'm thinking of you"
So until you come back to me
I'll send my love to you straight from the heart
Baby I miss you, baby I miss you
I feel you so near though we're so far apart
Baby I miss you, baby I miss you
Tears like rain falling from my eyes as we said our goodbyes
I could feel my heart break, only emptiness filled my soul
I was half not whole but I pray you'll come back
Because I love you, ooh I love you, and I want you to know
I'm thinking of you every hour of the day, baby
I'll send my love to you straight from the heart
Baby I miss you, baby I miss you
I feel you so near though we're so far apart
Baby I miss you, baby I miss you
And if the distance keeps you from my side
It won't change my mind, I'll be waiting for you
And even though yesterday has gone
We can dream for today and believe in tomorrow
I'll send my love to you straight from the heart
Baby I miss you, baby I miss you
I feel you so near though we're so far apart
Baby I miss you, baby I miss you
I'll send my love to you straight from the heart
Baby I miss you, baby I miss you
I feel you so near though we're so far apart
Baby I miss you, baby I miss you
You know I'm so lost without you
Sending all my love to you straight
From the heart, baby I miss you
I'll be sending all my love to you straight
From the heart, baby I miss you, you know I do
I'll be sending all my love to you straight
From the heart, baby I miss you

I'll be sending all my love to you straight
From the heart, baby I miss you
