

# D U Down

Kevin Gates

What you say your name is?  
This your first time bein' here, you know around me, yeah?  
Look (first time you around me)  
Man I that, man I want the fuck out you  
(Dick you down, dick you down)  
Like nah  
(Dick you down, dick you down) Dick you down, dick you down  
Dick you down, dick you down  
Every time you call  
Pick you up, bring you 'round  
I'ma beat it up, he don't do you  
Like I do, ooh ooh  
Ra-ran off on the plug, I was touching her to Plies  
Country fine she obliged  
I was givin' a massage  
Big fine like her mama  
She smile, then I got her  
Then I got her out her body  
That little pussy got some power  
Know she tryna be a model  
Dancin' while she was in college  
Bartender at the spot, and yeah  
That pussy got some power  
Lickin' on her, go to kissin' on her  
For a long, long, long time  
I wanna go another round with you, baby  
Only if you don't mind  
Had you on the four wheeler  
You was excited, nibble on you, Tyson  
Smackin' on it while I grip it from the back  
Actin' like you don't like it  
I go hard in the bed  
I be pullin' on her hair  
Diamonds glistenin' all up in your face  
Now stick that ass in the air  
Dick you down, dick you down  
Dick you down, dick you down  
Every time you call  
Pick you up, bring you 'round

I'ma beat it up, he don't do you  
Like I do, ooh ooh Dick you down, dick you down  
Dick you down, dick you down  
Every time you call  
Pick you up, bring you 'round  
I'ma beat it up, he don't do you  
Like I do, ooh ooh In here layin' in my chest  
Teeth twinkle in the dark  
She asleep and I'm awake  
And I'm reminiscin' in my thoughts  
She my baby, she a boss  
I might go buy her a car  
I just wanna see her floss  
She like she rich, she awesome  
Can't take a lot, she go to talkin'  
And I don't really do no talkin'  
We had met out while out in Houston  
South-by while out in Austin  
I be fuckin her to my lil' brother  
Bam music, you know I'm retarded  
I'm a bread winner, yeah  
But you can call me Kevin  
She be callin' me Marcellus  
Throw it back, I bout to catch it  
Ain't no fallin', I'ma catch you  
If you callin', come and best you  
Super nice to your lil' sister kids  
You know all of them my nephews  
She be laughin' at me, she be crackin' up  
Told her pink is where I met you Dick you down, dick you down  
Dick you down, dick you down  
Every time you call  
Pick you up, bring you 'round  
I'ma beat it up, he don't do you  
Like I do, ooh ooh Dick you down, dick you down  
Dick you down, dick you down  
Every time you call  
Pick you up, bring you 'round  
I'ma beat it up, he don't do you  
Like I do, ooh ooh
