Die Alone

U.S. Bombs

Walked all around through London Town
Hung awhile on Carnaby
What happened to the Soho
What happened to Kings RoadA revolution blitz
Completely smashed to bits
Of kids, what about the future
I thought that there was noneDie aloneA queens jubilee, the kings getting change
And Malcomb gets arrested for publicity
So let it rock and let it sex
The fetish in the punk rock is left fo deadAt each others throat they couldn't trust themselves
No ones taking notes, tell it like it was
Someone takes a stab and no one makes a stand
Living in the flaws of an imperfect world
A fight for freedom, freedom lostWe die alone, remember the cause
We die alone, so die with a cause
We die alone, a calling of the punks
We die alone because I still trust no one
