Do It Again

Edwyn Collins

So many ways, so many truths
So much to learn, so much to do
Night by night, day by day
There's a place I know, I'm gonna strayI can do it again, I can do anything, honey
Do, do, do it again
'Cause you send me to summertime
From a winter's viewSo many thoughts, so many goals
So many dreams, so many roads
Night by night, day by day
There's a place I know, I'm gonna strayI can do it again, I can do anything, honey
Yeah, I can do it again, I can do anything, honey
Do, do, do it again
'Cause you send me to summertime
From a summertime, from a winter's viewI can do it again, if I can do anything, honey
You send me again to summertime, honey
You do it again, do it again
And again and again and againD-do it again, d-d-do it again, d-d-do it again
D-do it again, d-d-do it again, d-d-do it again
D-d-do it again, d-d-do it again, d-d-do it again
D-d-do it again
