Miles Apart

Morgan Lynn

Verse 1:
We're two different people from two different cities.
God answered my prayers when he sent you to me.
You were my last hope, my angel in disguise.
I don't think you realize that you saved my life.
I was looking for a way, searching for a way...
To stay afloat.
I was crashing in the waves, drowning from the pain...
You were my life boat.

Chorus:
When you call me, everything falls into place.
I can't wipe the smile off my face.
When I miss you I look at the stars,
And wish we weren't miles apart.

Verse 2:
The miles mean nothing when there's so much love.
You are my token the one I can trust.
No distance is too far, no time is too long.
I'll wait for you if you help me stay strong.
I am dreaming of the day, wishing for the day.
Our paths will cross.
The day our smiles won't break and our laughs won't fade.
Until the night's lost.

Chorus:
When you call me, everything falls into place.
I can't wipe the smile off my face.
When I miss you I look at the stars,
And wish we weren't miles apart.

Bridge:
There are rivers, there are roads. I can't cross, but I won't let go.
There are boarders, there are slopes, I can't cross, but I won't go.
(x2)

Chorus 2:
When you meet me, everything will be in place.
When I can't wipe the smiles off my face.

I will laugh with you under the stars.
Until then it's hard...

Chorus:
When you call me, everything falls into place.
I can't wipe the smile off my face.
When I miss you I look at the stars,
And wish we weren't miles apart.

Miles and miles and miles and miles and miles and miles.

And miles and miles and miles and miles and miles. Ohh.
