The Ocean

Skrape

I, I'm driving the back roads
In my mind, the oceans cold
I, I cant wait on you
My time is now and now that its trueIf I cant find, find my way to the sand
Ill dream that I, I see sun on the waters edgeI, I will travel far
But my visions blurred, the suns in my eyes
I, I'm driving the back roads
In my mind, the oceans coldIf I cant find, find my way to the sand
I'll dream that I, I see sun on the waters edgeImagine the sun shines on your back
If time stood still, you know I'd be backIf I cant find, find my way to the sand
Ill dream that I, I see sun on the waters edgeThe oceans cold, the oceans cold
I'm going awayIll run away
Go a distance for
Ill run away, awayIll run away
Go a distance for you
Ill run away, away for you
