

# The Ocean

## Skrape

I, I'm driving the back roads  
In my mind, the oceans cold

I, I cant wait on you

My time is now and now that its trueIf I cant find, find my way to the sand

Ill dream that I, I see sun on the waters edgeI, I will travel far

But my visions blurred, the suns in my eyes

I, I'm driving the back roads

In my mind, the oceans coldIf I cant find, find my way to the sand

I'll dream that I, I see sun on the waters edgeImagine the sun shines on your back

If time stood still, you know I'd be backIf I cant find, find my way to the sand

Ill dream that I, I see sun on the waters edgeThe oceans cold, the oceans cold

I'm going awayIll run away

Go a distance for

Ill run away, awayIll run away

Go a distance for you

Ill run away, away for you
