

# Thank God

[Jon McLaughlin](#)

Would I know what I know if I didn't know you?  
Would I see all the colors I see?  
Would I love as much if  
The one I was loving wasn't meant for me? Would you say what you say  
If I wasn't listening?  
Would you keep more things to yourself?  
Would you kiss like this  
If you were kissing  
Somebody else? Ooo thank God, thank God  
That I found you  
Ooo thank God that  
You found me  
Would you feel how you feel  
If you never felt me?  
Would you miss me if we  
Never met?  
Would we always wonder  
Is this really as good as it gets? Ooo thank God, thank God  
That I found you  
Ooo thank God that  
You found me Now we could speculate  
And formulate an answer  
We could figure all the math of it out  
But when push comes to shove  
We're madly in love  
And we'll never ever ever never ever  
Have to find out  
Would my heart beat just a little bit slower  
If it never was yours to love?  
Would the sun still rise over and over  
If it never shined on us? Ooo thank God, thank God  
That I found you  
Ooo thank God that  
You found me  
'Cause I know what I know  
And I won't let you go  
Thank God that I found you  
And that you found me
