

Hardwired

Metallica

[Verse 1]

In the name of desperation
In the name of wretched pain
In the name of all creation

Gone insane[Chorus]

We're so fucked

Shit outta luck

Hardwired to self-destruct

[Verse 2]

On the way to paranoia
On the crooked borderline
On the way to great destroyer

Doom design[Chorus]

We're so fucked

Shit outta luck

Hardwired to self-destruct[Verse 3]

Once upon a planet burning

Once upon a flame

Once upon a fear returning

All in vain

Do you feel that hope is fading?

Do you comprehend?

Do you feel it terminating?

In the end
