

# It`s Time

## Madball

Time has come for all to hear  
Madball's back, just beware  
Time has come, set it all straight  
Speaking the truth 'cause I got a lot of hate  
To all who got beef, ready to fight  
The battle's begun to show you who's right  
Takin' over and we're letting you know  
DMS is runnin' the show  
It's time, time to set the record straight  
Speaking the truth 'cause I got a lot of hate  
In my mind you can't see what's going on  
Taking over, now you're time has come  
Time has come, I'm on the attack  
Ball of destruction is bringin' it back  
Hardcore lives, lives through me  
Time has come for all to see  
To all who got beef, ready to fight  
The battle's begun to show you who's right  
Takin' over and we're letting you know  
DMS is runnin' the show  
It's time, time to set the record straight  
Speaking the truth 'cause I got a lot of hate  
In my mind you can't see what's going on  
Taking over, now you're time has come  
Fuck you
