

# Palace of the Brine

## Pixies

In a place they say is dead  
In the lake that's like an ocean  
I count about a billion head  
All the time, there's a motion Palace of the brine  
Palace of the brine I saw the cloning  
Of the famous family  
I hear the droning  
In the shrine of the sea monkey Palace of the brine  
Palace of the brine Beneath reflections in the fountain  
The starry sky in Utah mountains  
They are swimming happily  
Can't you see? A life that's so sublime  
Palace of the brine
