

# Cry Cry Cry

## Jessica Hernandez & The Deltas

I'm sorry baby but I  
should have told you  
that my heart was heavy hanging  
on another man  
I tried to let you know  
I tried to let him go  
But I kept on lovin' him instead sayin' cry, cry, cry  
baby don't you cry  
baby I won't go too far  
I could stay baby I would  
but I must be goin' away  
fall apart again  
and watch the pieces come together when you start  
to tear me out and when  
you will put your life together part by part you say now darlin' don't you  
start to worry cause I've got a girl  
that's waitin' back at home for me  
you start to let her know  
that as we start to grow  
you just might keep on lovin' me instead sayin' cry, cry, cry  
baby don't you cry  
baby I won't go too far  
I could stay baby I would  
but I must be goin' away  
fall apart again  
and watch the pieces come together when you start  
to tear me out and when  
you will put your life together part by part cry, cry, cry baby don't you cry  
baby I won't go too far  
cry, cry, cry baby don't you cry  
baby I won't go too far  
cry, cry, cry baby don't you cry  
baby I won't go too far  
cry, cry, cry baby don't you cry  
baby I won't go too far
