

I Need No Trust

My Bloody Valentine

Greed, seed
It comes through me
Fall, fall
I'm coming down
(Go inside)
And close your eyes
It's just a fool's crown Sleep deep, now
I'll come in anyhow
Love, love
I need your love
Lust, lust
I need no trust Greed, seed
It comes through me
Love, love
I need your love
Lust, lust
I need no trust
It's just a fool's crown
