

Animal

Jebediah

Make the most of opportunity, nothings free, nothings free
Oh I know everything that I do tonight
And don't believe everything that you see
It may not be quite what you believed
Filling me
Means nothing if I don't succeed
Let intentions out so openly
My highlight desire while ecstasy
It's not crazy, just chemistry
Oh I know everything that I do tonight
Means nothing if I don't succeed
I'm insufferable when I'm in heat
I'm insufferable when I'm in heat
It's my animal, animal.
It's my animal, animal
Animal Instinct
Make the most of opportunity, nothings free, nothings free
And don't believe everything that you see
It may not be quite what you believed
Means nothing if I don't succeed
Oh I know everything that I do tonight
I'm insufferable when I'm in heat
I'm insufferable when I'm in heat
It's my animal, animal.
It's my animal, animal
