

Turned to Real Life

Shiny Toy Guns

Eyes are magic
See right through me
Makes me feel like
A girl in a fantasy
Turned to real life Stars in the morning
Makes me feel like
A girl in a fantasy
Turned to real life Now I'm glowing
Like a sunset
In the window
Of my dreams
That turned to real life I'll never forget when
For the first time
A girl in a fantasy
Turned to real life Makes me feel like
A girl in a fantasy
Turned to real life
I'm a believer For the first time
I can be beautiful
A girl in a fantasy
Turned to real life Your fingers running
Over my body
Makes me feel like
A silver angel Under the moonlight
Right beside me
Makes me feel like
A girl in a fantasy
Turned to real life Makes me feel like
A girl in a fantasy
Turned to real life
I'm a believer For the first time
I can be beautiful
A girl in a fantasy
Turned to real life Makes me feel like
A girl in a fantasy
Turned to real life
I'm a believer For the first time
I can be beautiful
A girl in a fantasy

Turned to real life Makes me feel like
A girl in a fantasy
Turned to real life
I'm a believer For the first time
I can be beautiful
A girl in a fantasy
Turned to real life
