

This Flame

Margaret Becker

The greatest love
I have ever found
Was like a treasure
Buried in a field of stonesHidden there
In the hardened ground
Was a gift more precious than goldSo, I gave
All I owned
Just to make it mineNo price is too great
No mountain, too high
No distance, too far
No ocean is too wideAll my world is in You
I will never leave Your side
And this flame will never dieThe finest love
I have ever known
Was like a pearl
That many dream they'll findOh, what joy
When I held that love
And I know that it could be mineSo, I gave
All I owned
Just to make it mineNo price is too great
No mountain, too high
No distance, too far
No ocean is too wideAll my world is in You
I will never leave Your side
This flame will never dieI believe
That a love like this
Will never come to an endAll I have
And all my life
I'd give it all againNo price is too great
No mountain, too high
No distance, too far
No ocean is too wideAll my world is in You
I will never leave Your side
And this flame will never dieAll my world is in You
I will never leave Your side
And this flame will never die
