

# Be Together (feat. Wild Belle)

## Major Lazer

Let me escape in your arms  
Baby I'm yours, baby I'm yours  
Love don't come easy at all  
I missed you so much, I missed you so much

Tell me is this freedom, baby?  
Chasing after danger, making my high (faze, phase?), woah

Maybe if the stars align, maybe if our worlds collide  
Maybe on the dark side we can be together, be together  
Maybe in a million miles, on a highway through the skies  
Someday soon, we'll be together

He was a dreamer at heart  
Chasing the stars, chasing the stars  
Rain spread to the sun  
I miss you so much, I miss you so much

We'll be together, we'll be together  
We'll be together, we'll be together  
We'll be together, we'll be together  
We'll be together, we'll be together
