

I Fucking Hate You

Godsmack

For everything you do, I'd like to swallow you
And everyday I'm gonna blame you
Even if you justify every fucking bullshit lie
It only makes me want to break you You pull me down and you crucify my name
You make me insane
It's broken now don't ever look my way
Don't even think I'm playin' 'Cause I fucking hate you, you're such a liar
And I love to hate you, you're all the same to me When you repeated me take advantage of me
The only thought I get of you sickens me
Everybody knows your fate, you're everything I fucking hate
And I'm everything that you could never be You pull me down and you crucify my name
You make me insane
It's broken now don't ever look my way
Don't even think I'm playin' 'Cause I fucking hate you, you're such a liar
And I love to hate you, you're all the same to me
I fucking you hate you, you're such a liar
And I love to hate you, you're all the same to me Fuck you, fuck you
Fuck you, fuck you You pull me down and you crucify my name
You make me insane
It's broken now don't ever look my way
Don't even think I'm playin' 'Cause I fucking hate you, you're such a liar
And I love to hate you, you're all the same to me
And I fucking hate, you're such a liar
And I love to hate you, you're all the same to me Fuck you
(Fuck you)
Fuck you
(Fuck you)
Fuck you
(Fuck you)
Fuck you
(Fuck you)
