You Don't Remember My Name

Lauri

Feeling
I thought I'd never get this feeling
My heart has never been so open for anyone
Slowly
Time is moving on so slowly
I've been waiting for this moment
Like the rising sun

But you don't remember
You don't remember
You don't remember my name
You don't remember
You don't remember
You don't remember my name
You'll never love me
You live above me
I will return to my cave
You don't remember
You don't remember my name

Feeling
I know I can't afford this feeling
My heart has never been so broken for anyone
Breathing
What if just stop breathing?
As long as you're on my radar my world is undone

What if I'd just lay down and close my eyes
Would I wake up to a new day?
What if I just don't want the second prize
Without you there is no beauty
