Another Way To Shine

Spiritual Beggars

Hatred, another way to shine
Feel it, rushing through your veins
You saw me falling out from a bar
You called me hippie and bum
You wanted to nail my face so hardAnother Pilgrim gone so wrong
Bimbo, another way to shine
Lolita, you pathetic bitch
You saw me at the end of the bar
She asked me if I had a need to play dad
I said get out off my fucking faceAnother pilgrim gone so wrong
Another child-girl in search of love
Another pilgrim without a clue
Cocain, another way to shineFeel it, dancing in your brain
Hey Cristobal, Macho-oldman-child Spanish dealer
Well have yo u found another blond child
