

# Martyr (Instrumental)

## August Burns Red

Demand what you will never deserve  
Respect is gained by trust shown and earned  
Don't mask your pride with humility  
While forcing others to keep proving their loyalty  
You've been a hypocrite for years  
Drawing swords as much as you draw their tears  
Demand what you will never deserve  
Respect is gained by trust shown and earned You build your strength, off of your anger  
Fighting a selfish battle, with no answer  
Your transparency, has started showing  
Don't let fear guide you, where you are going You would die for everyone else  
But won't live for yourself Do you mean what you say?  
Do you say what you mean?  
Or will you find another lie?  
Another lie to hide behind?  
Keep speaking to the world about what you can't forget  
You can't forget  
All the things you hold onto  
Refusing to forgive those that hurt you You're taking steps on a fine line  
So you don't have to choose a side  
Good deeds are not recognized  
When the heart's intent is full of pride You're taking steps on a fine line  
So you don't have to choose a side  
Good deeds are not recognized  
When the heart's intent is full of pride One day we hope you stop holding it on all in  
And learn, learn to let go and to forgive, forgive  
One day we hope you stop holding it on all in  
And learn, learn to let go and to forgive, forgive One day, one day, one day  
One day, one day, one day One day we hope you stop holding it on all in  
And learn, learn to let go and to forgive, forgive
