Move Mania

Sash

Movin', movin', movin', movin'!!!
We are livin' in a move mania, all the people that's what we are.
Movin' fulfil some devotions,
if you meet me there you will know what I feel.
Don't be arfaid to get lost this time,
you got to relax and be fulfilled.
We are livin' in a move mania, all the people that's what we are.
We are livin' in a move mania, all the people that's what we are.
Movin'!
We are livin' in a move mania, all the people that's what we are.
We are livin' in a move mania, all the people that's what we are.
Yeah, yeah!
Don't mind to keep it under control,
you got to give me what I really need.
I'm gonna make my way through this confusion,
you got to be out there willing to please.

We are livin' in a move mania, all the people that's what we are.
We are livin' in a move mania, all the people that's what we are.
Movin'!
We are livin' in a move mania, all the people that's what we are.
We are livin' in a move mania, all the people that's what we are.
Yeah, yeah!
Movin' and moving and moving and moving, don't stop!
Movin' and moving and moving and moving, don't stop!
Movin' and moving and moving and moving,
movin' and moving and moving and moving and yeah yeah!
We are livin' in a move mania, all the people that's what we are.
We are livin' in a move mania, all the people that's what we are.
We are livin' in a move mania, all the people that's what we are.
We are livin' in a move mania, all the people that's what we are.
We are livin' in a move mania, all the people that's what we are.
