Crush On You

Keb' Mo'

After all these years I still feel this way
Thought I didn't care about you anymore
But some things never change
We may get old and grey
Now the feeling's even stronger than before

Baby I still got a crush on you
I thought I was over you
Baby I still got a crush on you
I still get a rush
Still got a crush

I've been dating some
I've liked one or two
But nothing's ever come as close to how I feel for you
You call me on the phone
It's like we're back in school
I get so nervous, I don't know what to say, I can't be cool

Baby I still got a crush on you
I thought I was over you
Baby I still got a crush on you
I still get a rush
Still got a crush on you

Remember the time when you and I went roller skating?
Remember the days when we played Frisbee by the pond
I once had a dream that we were kinda sorta dating
Remember the night you kissed me on the lips
Just what went on?
Can I move on?

Baby I still got a crush on you
I thought I was over you
Baby I still got a crush on you
I still get a rush
Still got a crush on you
