

Yours Truly, 2095

Electric Light Orchestra

I love you sincerely
Yours truly, yours trulyI sent a message to another time
But as the days unwind, this I just can't believe
I send a note across another plane
Maybe it's all a game but this I just can't conceiveI drive the very latest Hover car,
I don't know where you are?
But I miss you so much till then
I met someone who looks a lot like you
She does the things you do but she is an IBMI love you sincerely
Yours truly, yours trulyShe's only programmed to be very nice
But she's as cold as ice whenever I get too near
She tells me that she likes me very much
But when I try to touch she makes it all too clearShe is the latest in technology
Almost mythology but she has a heart of stone
She has an I.Q. of one thousand and one
She has a jump suit on and she's also a telephoneI love you sincerely
Yours truly, yours trulyIs that what you want?
Is it what you really want?
Is that what you want?
Is it what you really want?I realize that it must seem to strange
That time has rearranged but time has the final word
She knows I think of you, she reads my mind
She tries to be unkind, she knows nothing of your worldAlthough her memory banks overflow
No one would ever know, for all she says, "Is that what you want?"
Maybe one day I'll feel her cold embrace
And kiss her interface, until then I'll leave her aloneI love you sincerely
Yours truly, yours trulyIs that what you want?
Is it what you really want?
Is that what you want?
Is it what you really want?
Is that what you want?
