London Rain

Neon Jungle

[Jess:]
Close your eyes and count to ten
May not feel this way again
Standing at the edge of forever
This moment will remain
Come sun or London rain
To you I'll make a pledge, us forever[Amira:]
When you see the stars colliding
And you no longer feel strong
Just remember, just remember
When the night is far and distant
And the day is way too long
Just remember, just remember
Just remember, just remember[All:]
These are the days of our freedom
These are the days of our lives
These are the days, these are the days
And they'll last foreverThese are the days that we live for
So many ways that we've tried
These are the days, these are the days
And they'll last forever[Asami:]
No goodbyes and no regrets
Haven't reached the finish yet
The world never forgets, times get better
Both hands out to the sky
We should live out this state alive
With smile and laughter, drive together[Amira:]
When you see the stars colliding
And you no longer feel strong
Just remember, just remember
Just remember, just remember[All:]
These are the days of our freedom
These are the days of our lives
These are the days, these are the days
And they'll last foreverThese are the days that we live for
So many ways that we've tried
These are the days, these are the days
And they'll last foreverForever, forever, oh-oh
Forever, forever, oh-oh

Forever, forever, and they'll last forever
Forever, forever, oh-oh
Forever, forever, oh-oh
Forever, forever, and they'll last foreverIf the world should end right now
If the walls came crashing down
I'd be right here by your side
I'd be right here by your sideIf the world should end right now
If the walls came crashing down
I'd be right here by your side
[Amira:] By your side, by your side
I'd be right here by your sideThese are the days of our freedom
These are the days of our lives
These are the days, these are the days
And they'll last foreverThese are the days that we live for
So many ways that we've tried
These are the days, these are the days
And they'll last foreverForever, forever, oh-oh
Forever, forever, oh-oh
Forever, forever, and they'll last forever
Forever, forever, oh-oh
Forever, forever, oh-oh
Forever, forever, and they'll last forever
