Superhuman

Ginuwine

I'd have to be strong, stronger than a mountain, baby
To not crumble at the touch of your hand, of your hand
I'd have to stop time to stop this love inside me, baby
To not reach each night for you to not need you like I doI'd have to be superhuman
Made out of stone, made out of steel
To not feel what I'm feeling
To not love you, baby, love you, babyI'd have to have the strength of ten men
To ever resist a love strong as this
To not care like I do
I'd have to be, have to be superhumanI could possess all the greatest powers, baby
I could hold the whole world here in my hands, in my hands
And still I would be powerless to leave you, baby
'Cause your touch is just too sweet and I'm in this love so deepI'd have to be superhuman
Made out of stone, made out of steel
To not feel what I'm feeling
To not love you, baby, love you, babyI'd have to have the strength of ten men
To ever resist a love strong as this
To not care like I do
I'd have to be, have to be superhumanEven Hercules wouldn't have the strength to leave
Once he fell under the spell of your kiss
So how could I even try, tell me
To leave your side and say goodbye, babyI'd have to be superhuman
Made out of stone, made out of steel
To not feel what I'm feeling
To not love you, baby, love you, babyI'd have to have the strength of ten men
To ever resist a love strong as this
To not care like I do
I'd have to be, have to be superhumanI'd have to be superhuman
Made out of stone, made out of steel
To not feel what I'm feeling
To not love you, baby, love you, babyI'd have to have the strength of ten men
To ever resist a love strong as this
To not care like I do
I'd have to be, have to be superhumanSuperhuman
Made out of stone, made out of steel
I'd have to be superhuman
I don't know what I'd have to be
Oh yes, I will, I'd have to be superhuman
