Sanibel

Harbour

Sanibel is calling out
I can't wait
Listen to the rain fall down
Such an escape
And I can't wait, I can't wait
And I can't wait, I can't wait

La da da da
La da da da
La da da da
La da da da

I've been running
I've been running out
But I hope you're happy
Hope you're happy now

The birds and the palm trees
They'll never leave me
Lovin is all the same
No change
Same people, same stories
That dark place

The birds and the palm trees
Vibrations feed me
I can't explain, the way
That you'll never, you'll never hold me down
(down, down, down)

La da da da
La da da da
La da da da
La da da da

Sanibel is calling out
I can't wait
Listen to the rain fall down
Such an escape

Sanibel is calling out
I can't wait
