

# A Bitch I Knew

## Snoop Dogg

Good evening, ladies and gentlemen  
Bitches will be bitches as I smash in the Chevy  
It's gettin', it's getting', it's gettin' kinda heavy  
Bitches will be bitches as I smash in the Chevy  
It's gettin', it's getting', it's gettin' kinda heavy  
Bitches will be bitches as I smash in the Chevy  
It's gettin', it's getting', it's gettin' kinda heavy  
It all goes back to '85  
When I start gettin' pussy every day of my life  
It really didn't matter what the bitch look like  
I remember one night after the Sugar Ray fight  
Wouldn't you believe it? Dog like a Retriever  
I went up in this big fat bitch named Trina  
She had a best friend wit titties named Vanessa  
She told me to undress her, yes sir  
Ain't no pressure, later that semester  
She put me down wit her homegirl named Tanisha  
She was so vicious, lips so luscious  
Suck a nigga dick and have it shinin' like some dishes  
Patricia, Patricia, she love da way I stick her  
I take her to the movies and now she even bigger  
Big bucks, no whammies  
I had to meet this white bitch, her name was Tammy  
She lived in the Valley, she couldn't understand me  
But she let me dig out her homegirl named Brandy  
Now Brandy was a cute lil' thick bitch  
She moved to the hood from the 206  
She brought some new tricks, flippin' them squirrels in the pearls  
And turnin' out the neighborhood loose girls  
And I seen that, so I beat the yam  
So put her down, bottom bitch on my team  
And we began makin', breakin' bitches taken  
Whatever we won't see, she was upto fakin'  
It's real in the field, no mistakin'  
And cracked a lil' bitch, yeah, she Jamaican  
Time and time again, she would bring me bud  
And let me beat it up listenin' to 'One Love'  
Off some jerk chicken, I got mo' bitches  
Now I'm pumpin' her sister, it's gettin' real suspicious

But the dick is good, so they won't tell  
And now their next door neighbor, Clarissa Belle  
She been lookin' at me, I think she wanna hit  
But I'ma holla back because I'm on another bitch  
I'm on some other shit, I got a phone call  
From the mothafuckin' President, y'all  
He said, 'Snoop Dogg, how could I fuck a bitch  
And make her suck a dick and not get caught for the fuck of it??  
I told him, 'Look, here this is what you do  
Make that First Lady sell a lil' pussy for you?  
I think he got it 'cause he left fast  
He left his daughters and a lotta cash  
Well, what do you know? D O double G  
Major pimpin' out in D.C.  
And I'm a young pimp, got a lotta growin' left  
And you're a young hoe wit a lotta hoein' left  
Always keep a hoe in check, blowin' out her train wreck  
Yeah, I might have to go adapt  
See every little hoe I meet  
The stand outs, you know, the ones like Yvette  
We fucked in the car, behind the bar  
I shot it in her face and it went ahh  
My homeboy Charles went up in her sister  
Behind the garage  
I was nasty, I was freaky, I was sick  
When y'all was tryin' to hump, I was teachin' her to suck dick  
Always tryin' to go up in a hoe  
Got caught tryin' to fuck at school, they asked me what I did it fo'  
You know just what I told 'em  
I love pussy and this dick is what I showed 'em  
And now they threw me out, now I'm at the pad  
I'm at a new school, way cool  
New hoes, new script, fresh fish  
Walk up in the dorm and I bust a new bitch  
I'm in some new tail, when I holla back  
But for now, let me holla back and holla black  
She's a twelfth grader in my Science class  
And I done seen her pussy, yeah, boy, movin' fast  
See I was taught by and I was called I  
Betta move on somethin' fast if I thought I  
Could claim a dame or game a brain  
Or tame a maim not wit the same old game  
See on some different stuff, I'm a different cut  
It's what I say and do that make the bitch give it up  
Oh, you wanna brag? I wanna brag to

And what you gonna do when they ask you?  
Is you gon' tell a lie or you gon' keep it G?  
Or you gon' hold it all inside and you gon' tell on me?  
Shit, it's all cool 'cause it was all good  
It's just another day in Doggy Dogg's neighborhood  
You better watch your girl 'cause if she's on the loose  
It's a 90 percent chance that she goin' to get pimp juiced  
Now what it do, what it is?  
Now you livin' wit dat hoe and y'all got 4 kids  
Bitches will be bitches as I smash in the Chevy  
It's gettin', it's getting', it's gettin' kinda heavy  
Bitches will be bitches as I smash in the Chevy  
It's gettin', it's getting', it's gettin' kinda heavy  
Bitches will be bitches as I smash in the Chevy  
It's gettin', it's getting', it's gettin' kinda heavy
