Batphone

Arctic Monkeys

I want an interesting synonym
To describe this thing
That you say we're all grandfathered in
I'll use the search engine
(We've got much to discuss)
Too much to discuss
Over a bucket of balls
I can recall the glow of your low beams
It's the big night in Tinsel City
Life became a spectator sport
I launch my fragrance called 'Integrity'
I sell the fact that I can't be bought
Have I told you all about the time that I got sucked into a hole through a hand held device?
I will flashback now and again but I'm usually alright
Thankfully the process has been simplified since the last time you triedI've recognized the glow of your low beams numerous times
I'll be by the Batphone if you need to get a hold
Making a selection
Opening credits roll
Panoramic windows looking out across your soulYou go in through the door
Vengeance trilogy wallpaper walls
They have re-decorated it all
They've changed all the lights and the bar's down the side
I've recognized the glow of your low beams numerous times
Through fairly opaque blinds in the sitting room
Vehicles will pass by but I know that it's you
I'll be in a nose dive in my flying shoes
Right behind your closed eyes like a memory from your youth
I'll be by the Batphone if you need to get a hold
Making a selection
Opening credits roll
Killer pink flamingos
Computer controlled
Panoramic windows looking out across your soul
