Tell Me

Taken By Trees

Tell me when the snow has gone its way
And tell me when it's time for me to play
'Cause I don't wanna be standing alone
Without a hand to holdAnd that's for everyone
No one should stand
Without a hand to holdOh, I only see
With those eyes that was given to me
A long, long time ago, ago, agoYou said spring is on its way
And you said the light will do us good
Spring is way too shaky for meWhy not take me all the way to July?
You lie, you lie, you lie, you lie, you lie, you lie
'Cause I don't have much trust in the April sun
Sun, sun, sun, sun, sun, sunOh, I only see
With those eyes that was given to meOh, I only see
With those eyes that was given to me
A long, long time ago, ago, ago, ago
