

# You've Ruined Me

[Leann Rimes](#)

You've ruined me now  
But I liked it but I'm ruined  
Do you have a plan?  
'Cause I'm in your hands  
You've ruined me now  
Though I liked it now I'm ruined  
I had no choice  
When I heard your voice  
I know you said  
Can't be misled  
Now I'm the one  
Whose face is red  
You've ruined me now  
Though I liked it now I'm ruined  
Your chocolate eyes  
Like buttons of lies  
You've ruined me now  
Though I liked it now I'm ruined

I'm trying to part  
With what's in my heart  
You've ruined me and how  
I thought I liked it but I'm ruined  
My whole world's now  
Turned upside down  
I heard me say I'm going away  
But now I write you everyday  
You heard me say I'm going away  
But I'm on the floor outside your door  
You've ruined me now  
You've ruined me now  
You've ruined me now  
But I liked it but I'm ruined  
Do you have a plan?  
'Cause I'm in your hands
