

# Ordinary Girl

## Hannah Montana

Don't get me wrong, I love who I am  
I don't wanna to be ungrateful, it probably sounds strange  
I really love the role I play  
The songs I sing, but with all the fame  
The things that seem so simple  
Are suddenly so far out of reach  
Wish that they could see that underneath  
I'm just an ordinary girl  
Sometimes I'm lazy, I get bored  
I get scared, I feel ignored  
I feel happy, I get silly  
I choke on my own words  
I make wishes, I have dreams  
And I still want to believe  
Anything could happen in this world  
For an ordinary girl  
Like you, like me  
For an ordinary girl  
Like you, like me  
How are you? Hello, goodbye  
One day here, one day there, and again it's time to go  
Ms. Popular, always on the roll  
Put my best foot forward, gotta get on with the show  
Strike a pose for the front cover of a magazine  
Everywhere I arrive, I get high-fives  
They pay me larger than life  
I'm just an ordinary girl  
Sometimes I'm lazy, I get bored  
I get scared, I feel ignored  
  
I feel happy, I get silly  
I choke on my own words  
I make wishes, I have dreams  
And I still want to believe  
Anything could happen in this world  
For an ordinary girl  
So give it everything  
Or nothing at all  
Get back on your feet

When you stumble and fall  
A little luck can go a long way  
So don't you worry 'bout what people say  
Who knows where the wind may blow  
For an ordinary girl  
I'm just an ordinary girl  
Sometimes I'm lazy, I get bored  
I get scared, I feel ignored  
I feel happy, I get silly  
I choke on my own words  
I make wishes, I have dreams  
And I still want to believe  
Anything could happen in this world  
For an ordinary girl  
Like you, like me  
For an ordinary girl  
Like you, like me  
For an ordinary girl  
For an ordinary girl  
Like me, like you
