Midgards Eldar

Enslaved

Lurinn ltur
Heimfarinn til okkur Gus ttingar
Migars eldar, og gamlitimins
Dular fulle stund er enna
Bstaarmenn fara eins og kuikindi
Yfir hs og b
Mjllnir sveiflast, rumur og eldingar
Vikingars einkamerki lfaro
Og krummar
Vakta yfir hsti

[English translation]

The call of the Gjallarhorn
Return to the ring of our forefathers gods
The flames of Midgard's fires and ancient mystisism still are

Rdsreien rides with terror above the village
Mjolner is swung, thunder and lightening!
The landmarks of the Vikings
Wolves and ravens guards the throne
