I Can Only Stare

Sleigh Bells

[Intro]
I can only stare into the field for so long
I can only stare into the field for so long[Verse 1]
Watching you from the chair
Dragging a brush through your hair
You just rattle the air
You know I'm grieving, giving off heat, oh
Cross my heart, hope to die
You and I, you and I
Why are we sharing the breath
Till there's nothing left but carbon dioxide
Why won't you let me come over
And do what you want me to? Ooh[Chorus]
I can only stare, I can only stare
(You see, it's pulling my heart down, it's pulling my heart down)
I can only stare, I can only stare
(You see, it's pulling my heart down, it's pulling my heart down)
I'd like to go back there but again
I can only stare, I can only
I'd like to go back there but again
I can only stare, I can only[Verse 2]
Do you know how I feel
Knocking on your door
Till my knuckles bleed?
I can't perform miracles
It's dedication time, oh oh oh
