## Matthew Good Band

Best to smile  
Best to squeal for daddy  
Best to revile  
The baby Jesus, loves the company Must have lost my mind  
When I lost the car keys  
On my way out  
Strange how you're not with me Where has my head gone?  
Where do you hole up to mutilate the day from me?  
Where has my head gone?  
Well, I felt it slip away Best to defile  
Best to stay sleeping  
In a while  
I will awake to be a has been
