

Love Is Colder Than Death

The Virgins

Rosie,
Oh, I know we're both being used
Don't make no sense
Just to carry on as we do You know I'd love you if I knew you'd let me down (x2)
Oh, we need to get away (Yeah, we want to get away)
But we'll never get away, not now It's easy when it hurts -- so say goodbye,
We'll fall in love again -- just give it time,
It's easy when it hurts -- so say goodbye,
We'll fall in love again -- just give it pain. Rosie,
Oh, I know we both feel confused
Don't make no sense
Just to carry on as we do I know you'd love me if you knew I'd let you down (x2)
Oh, we need to get away (Yeah, we want to get away)
But we'll never get away, not now It's easy when it hurts -- so say goodbye,
We'll fall in love again -- just give it time,
It's easy when it hurts -- so say goodbye,
We'll fall in love again -- just give it pain. Don't let your love be colder than death
Don't let no tear drops fall from your eyes
Don't let your love be colder than death
Don't let no tear drops fall from your eyes It's easy when it hurts -- so say goodbye,
We'll fall in love again -- just give it time,
It's easy when it hurts -- so say goodbye,
We'll fall in love again -- just give it pain. It's easy when it hurts..
