Everybody Got the Beat

Frank Black

On the inside
You're hot
On the bright side
You're not
Teach me reach me
You'll like it a lot
Little loser
Big head
So unpopular
No shit
Never have fun I just shake my head and singEverybody got the beat
Everybody got the beat
Everybody got something stuck in their head
It's not nothing
I'm just
Just unpopular meOn the inside
You're hot
On the bright side
You're notEverybody got the beat
Everybody got the beat
Everybody got something stuck in their head
It's not nothing
I'm just
Just unpopular me
