

Believe Him

Hyles-Anderson College

VERSE 1

I know you believe He's our maker
Creator of heaven and earth
You've never doubted His miracles
or the wonders surrounding His Words
So why would you listen to even a whisper
Stealing your joy somehow
May I just remind you He's already spoken
Oh can't you hear Him now?

CHORUS

If God says you're loved, believe Him
When He says you're precious, believe Him
You can trust that He cares for you
knows what you're going through
He feels every burden you bear
He'll be there whenever you need Him, believe Him

VERSE 2

He spoken the loudest on Calvary
He said with the cross, "You are mine"
He wrote it in red for the world to see
and He settled it there for all time
So why would you listen to even a whisper
Stealing your joy somehow
May I just remind you He's already spoken
Won't you believe Him now?

If God says you're loved, believe Him
When He says you're precious, believe Him
You can trust that He cares for you
knows what you're going through
He feels every burden you bear
He'll be there whenever you need Him, believe Him

You can have faith in His promise
In His Word He has told you Himself
Believe that He's holy and mighty and just
But friend more than anything else
If God says you're loved, believe Him

When He says you're precious, believe Him
You can trust that He cares for you
knows what you're going through
He feels every burden you bear
He'll be there whenever you need Him, believe Him
Believe Him
You can believe Him.
