

Sentimental Idealist

[Nadine Sutherland](#)

Chorus;

I'm a sentimental idealist, a hopeless old romantic
I believe my night and shining armor will come my way
we'll take a while to find it but how i don't mind it
Now Mr.Perfect can be sure that he'll be alright

Verse;

Never a girl to be all around town
Never a grl to be on any man's arms
Made some mistakes in my search for love
Upon this woman I'm guilty of
But I have one simple desire
For the prince who will set my soul on fire

Chorus;

Verse;

This is a fool who thinks I'm easy prey
Can't tell a fool I'm not in a any game
If can't you greet me with honor and respect
move from by my door baby
That's all you will hear
But I have one simple desire
For the prince who will set my soul on fire

Chorus;
