Out of Control

Channel 3

Did I sin last night, did I spend the night with you
(Last night did I spent the night with you)
Now depression sets in and my headache's right on cue
I need to know (need to know), I need to know (need to know)
Did I sin last night, did I spend the night with you
(Last night did I spent the night with you)Only one thing I know - I'm out of control
I'm out of control, I'm out of controlSaturday morning and I feel so bad again (again, I feel so bad)
I've done it before and I'm running out of friends
I need help (need help), I need help (need help)
Saturday morning and I feel so bad again (again, I feel so bad)
Only one thing I know - I'm out of control
I'm out of control, I'm out of controlSaturday morning and I feel so bad again (again, I feel so bad)
I've done it before and I'm running out of friends
I need help (need help), I need help (need help)
Saturday morning and I feel so bad again (again, I feel so bad)Only one thing I know - I'm out of control
I'm out of control, I'm out of controlOnly one thing I know - I'm out of control
I'm out of control, I'm out of control
I'm out of my head with worry that I did something wrong last night
(Last night that I did something wrong last night)
Lately I'm forgetting the best times of my life
I need help (need help), I need help (need help)
Lately I'm forgetting the best times of my lie
(Last night did I spend the night with you)Only one thing I know - I'm out of control
I'm out of control
