On the Edge

Spock's Beard

Well, I'm out on the edge
Yes, I'm out on the edgePut on your feet
Put on your face
Put these people in their placeCheck your hat
Check your coat
Try to keep your checks afloatDon't you crack 'cause they might see
That you're not who you're supposed to be
Keep on firing this hard wire wiring
You can't win, you can't seem to break freeI'm out on the edge one more time
I'm out on the edge in my mind
'Tween a rock and a ledge
Yes, I'm out, out on the edgeInside goes, outside feels
Like a knife softly ripping the wheels of time
You don't know my mind
But I'm telling you, I am telling you nowYou cannot hold me, you, you, you
Cannot hold me down 'cause I feel like you
Every chance I get
I just get highI'm out on the edge one more time
I'm out on the edge in my mind
'Tween a rock and a ledge
Yes, I'm out, out on the edgeAnd I can't see the bottom
Can't look down
YeahWell, I'm out on the edge one more time
Reaching across the water for a drink of wineThe empty glass is fading
The children are all waving
And I'm out on the edgeI'm out on the edge one more time
I'm out on the edge in my mind
'Tween a rock and a ledge
Yes, I'm out, out on the edgeI'm out on the edge one more time
I'm out on the edge in my mind
On the edge, I'm on the edge
