

Rock-a-bye Rock

Buddy Holly

Well, rock-a-baby, rock-rock-rock
I just love the way you dance, rock-a-baby, rock-rock-rock
Come on tell me that you can
Rock-rock-rock, we're gonna rock the whole night long
Well, you dance in here, you dance out there
You powder your face and you comb your hair
Oh rock, well oh rock, oh rock
We're gonna rock, we're gonna rock the whole night long

Well, you are gonna rock
And hold my hand so tight
I love you more and more, when you dance with all your might
Rock-rock-rock, we're gonna rock the whole night long
Well, put on your shoes and hit the floor
I'm tellin' you again like I told you before
Oh rock, oh rock, oh rock, yes rock
Oh rock, let's rock, gonna rock the whole night long
