

# Don't Play Me Wrong

## Brownstone

Baby, don't play me wrong  
Just because I turn you on  
Do me right or I'll be gone  
Baby, don't play me wrong  
I'm looking for the right kind of guy  
Someone to keep me satisfied  
Players they all talk the same  
But you need more than talk too in this game  
Baby, don't play me wrong  
Just because I turn you on  
Do me right or I'll be gone  
Baby, don't play me wrong  
I'm tired of the same old thing  
So show me that you're listening  
I'll teach you things you never knew

So come on, baby, now it's all up to you  
Baby, don't play me wrong  
Just because I turn you on  
Do me right or I'll be gone  
Baby, don't play me wrong  
Someone who turns me on  
(Someone who turns me on)  
Who's not afraid to get down  
(Who's not afraid to get down)  
Who'll treat me like a queen  
(Give me a diamond ring)  
And make me feel like  
I'm their everything
