

# 50/50

## Wiley

Yeah, it's Eskiboy aka Wiley  
And I'm back, still treddin'  
A right nice 50/50  
Yo, I'm 50/50, nifty nifty  
Got the best deal, nobody can twist me  
Every time somebody try to shoot me  
I flip the board, they miss me, miss me  
They don't wanna two fist me, fist me  
I'm quick, I used to kick ball with [Incomprehensible]  
And now, I fly through the air like a Frisbee  
Or paper aeroplanes, see my life is risky  
They like the hype and I like the mic  
We both like to fight, them girls like to lips me  
I don't mind, I'm an artist  
Don't take part if you don't like drama, that's risky  
Everyday I make history  
If I wanna turn Muslim, I'll go and see Ibbby and Shifty  
I got a brand new deal, at the other end it's 50/50  
I'm 50/50, hold tight Big Dadda  
Eskiboy, Roll Deep, Boy Better Know  
Nothing look, E3 all day  
So Shu Hut Muh  
It's not 2% after recruitment blood  
It's 50/50, I got too many memories of pain  
And now you can't hit me  
[Incomprehensible] let go now  
Before I show ya whole street about E-LOAN history  
I ain't mad I'm a 2-6 dad, 2-38 spang? 2 times 6 Bang?  
And she loves me, just like everybody's girl loves Frisky's show  
I gotta let you know, this seems tipsy, fuck  
When I'm on the stage, DJ don't worry, just mix me  
We could be in Leicester, we could be in [Incomprehensible]  
Watch me, I can get the whole crowd with me  
Can't get rid of me, I'm so nippy  
And my new album did more than convince me  
I'm a star in the sky, can't miss me, you can't miss me  
Eskiboy aka Wiley aka Igloo boy aka Roll Deep  
Boy Better Know, Grime, what ever you wanna call it  
And I'm not even eatin' pies anymore

I?m not even eatin' pies, I don?t want no more pies  
Man?s lookin' for the big P, you get me? 50 bumbaclut 50
