

Never Met a Girl Like You

Corbin Bleu

You are individual, never typical
Everything you do, you do your own way
Letting down your hair, made me stop and stare
Very first time I saw your face The way you smile, you got style
And it shows you've got it goin' on
How you walk, the way you talk
You gotta know you're everything I want Never met girl like you, so amazing
Every little thing you do gets me every time
Never met a girl like you, you drive me crazy
You're the only one I think about day and night Never met a girl like you
The way you Way you like to play, flirt and run away
Everything you do, so unique
Silly way you dance, don't you hold back
Use your attitude, be who you wanna be You're the girl, flipped my world
You call me up and leave some crazy message
Eight o' clock, heard you knock
Woke me up, made me wear my PJ's to breakfast Never met girl like you, so amazing
Every little thing you do gets me every time
Never met a girl like you, you drive me crazy
You're the only one I think about The way you keep it chill with looks that kill
It's a vibe that's all your own
Way you hear your song and sing along
Silly ring tones on your cell phone How you like to laugh every chance
And the way you say my name
You're unusual, original
In every single way Never met a girl like you
Never met a girl like you, no
You drive me crazy
How you walk, the way you talk
You gotta know you're everything I want Never met girl like you, so amazing
Every little thing you do gets me every time
Never met a girl like you, you drive me crazy
You're the only one I think about day and night Never met girl like you, so amazing
Every little thing you do gets me every time
Never met a girl like you, you drive me crazy
You're the only one I think about day and night You drive me crazy, baby
