

# Get Right Back

## Fitz & The Tantrums

In my head, I'm at home  
I'm in the part of my life, a life on the ropes  
Higher ground, been so low  
I will survive in the wild, a mind of my own Oh mister, I won't change my ways  
I don't hear a word you say, hey hey  
If you think I'm good as gone, no no  
You're dead wrong, you're dead wrong  
I move on Oh, when your heart starts beating  
Oh, can you feel it, feel it?  
Oh, when your soul ain't breathing  
You get right back  
You get right back  
Oh, when your heart starts beating  
Oh, can you feel it, feel it?  
Oh, when you stop believing  
You get right back  
You get right back Hey, hey, hey  
Hey, hey, hey What you need?  
What you want?  
It's time to open your eyes and find what you lost  
Take a stand when you fall  
Don't let them pigeon your mind, you never get caught Oh mister, I won't change my ways  
I don't hear a word you say, hey hey  
If you think I'm good as gone, no no  
You're dead wrong, you're dead wrong  
I move on Oh, when your heart starts beating  
Oh, can you feel it, feel it?  
Oh, when your soul ain't breathing  
You get right back  
You get right back  
Oh, when your heart starts beating  
Oh, can you feel it, feel it?  
Oh, when you stop believing  
You get right back  
You get right back Hey, hey, hey  
Hey, hey, hey What you came for?  
In the danger  
With the stranger, lose control  
Going all night, on the frontline

'Til the sun dies, don't let go I won't change my ways

I don't hear a word you say, hey hey

If you think I'm good as gone, no no

You're dead wrong, you're dead wrong

I move on Oh, when your heart starts beating

Oh, can you feel it, feel it?

Oh, when your soul ain't breathing

You get right back

You get right back

Oh, when your heart starts beating

Oh, can you feel it, feel it?

Oh, when you stop believing

You get right back

You get right back Hey, hey, hey

Hey, hey, hey Hey, hey, hey

Hey, hey, hey

Hey, hey, hey
