

# I Want the Heartbeat

**Johnny Marr**

Pulse correct my lottery  
And life's a ward  
Now she's on me  
Fast machine transmits  
Her wave to wave activity  
Pure correct technology  
Quick ! strap - connect that beat to me  
Flatline reveal transmits  
Heart rate to her maximum beat I want the heartbeat  
Pulse connect that kick for me  
All night I've got your frequency  
Fast machine transmits  
Your wave to wave activity Get me my own machine  
Technology ! technology !  
Get me my own machine  
Let me switch her on again  
Hook me up  
Receive I want the heartbeat Get me !  
My own machine  
Technology ! technology !  
Get me !  
My own machine !  
Let me fix her up again  
Hook me up  
Receive I want the heartbeat
