

# Ride (Tiësto Remix)

Cary Brothers

You are everything I wanted  
The scars of all I'll ever know  
If I told you you were right  
Would you take my hand tonight?  
If I told you the reasons why  
Would you leave your life and ride?  
And ride? You saw all my pieces broken  
This darkness that I could never show  
If I told you you were right  
Would you take my hand tonight?  
If I told you the reasons why  
Would you leave your life and ride?  
And ride?
