

# Light the Universe (feat. Candice Night)

## Halloween

In a house up the hill  
Lays a boy, he's sleepin' still  
And the time's creepin' by  
Till the world prepares to die Then again out of dust  
Will arise what ended last  
And the boy will awake  
Give his dream a little brake And the story now goes on  
And on, and on, and on  
As the old has died, the new arises  
And a child will Light the universe, light the universe  
We got blind, we can't read the signs  
Light the universe, light the universe  
We don't find what's hidden in our mind Under sand in a sea  
Covered with eternity  
Beats a heart with no fame  
Quietly whispering my name When my time has run out  
I will hear it very loud  
Telling tales I once knew  
But forgot by losing you And the story has gone on  
And on, and on, and on  
As the old has died, the new arises  
And a child will Light the universe, light the universe  
We got blind, we can't read the signs  
Light the universe, light the universe  
We don't find what's hidden in our mind Light the universe, light the universe  
We got blind, we can't read the signs  
Light the universe, light the universe  
We don't find what's hidden in our mind In a house up the hill  
Lays a boy, he's sleepin' still  
And the time's creepin' by  
Till the world prepares to die
