Thank You God

Ben Pakula

Everything good gift that we receive
Comes from heaven above
From a generous God who loves to give
And He gives His gifts with love

Heâ€™s the perfect father
Who gave his perfect son
Heâ€™s the God who loves to show his love for everyone

So we sayâ€¦
Thank you God for the animals and trees
For the rivers and the oceans
And the summer breeze

Thank you God for families
For the parties and the picnics and the afternoon teas
Thank you God for Lollies!!
And for giving me a good toothbrush

And Thanks for Jesus, the Saviour and the King
Who by your grace youâ€™ve given to us

Thank you God for teachers and schools
For textas and pencils and pens
For a mouth to talk and feet to walk
For good games and great friends
And thank you God for dancing
For soccer and basketball
For chocolate, for houses, computers and for toys
But for Jesus most of all

So we say
Thank you God for the animals and trees
For the rivers and the oceans
And the summer breeze

Thank you God for families
For the parties and the picnics and the afternoon teas
And thank you God for Lollies!!

And for giving me a good toothbrush

And thanks for Jesus, the Saviour and the King
Who by your grace youâ€™ve given to us

(Thank you God for â€¦.)

So we say
Thank you God for the animals and trees
For the rivers and the oceans
And the summer breeze

Thank you God for families
For the parties and the picnics and the afternoon teas
And thank you God for lollies
And for giving me a good toothbrush

And thanks for Jesus, the Saviour and the King
Who by your grace youâ€™ve given to us...Amen
